Our success isn't made of orders. It is made up of re-orders. And a good customer wrongly treated, lasts no longer than the shoody he buys.

There is always a "come back" on every sale. Whether it is a entirely upn your product itself. on every sale. Whether it ois a "come back" in returned goods depends entirely upon the product itself.

"Value Received" is the best potent salesman after the first order has been filled.

Every cent saved in shortened value, is lost in shortened trade. To keep up sales we keep up the quality.

We aim first to sell satisfaction, and the goods that gve it re-sell themselves.

SMITH'S CASH STORE.

VERY SPECIAL OFFER.

Our subscription books are open this month to sell 1000 families a Co-operative share in this company for special "building-up" purposes. A membership shore costs $10.00. You get a certificate for it, entitling you to five per cent discount on all goods you buy from us. For only $10.00 invested, you get this liberal discount and practically own the goods you buy at cost. You can share in net profits earned by these shares besides, if you wish to invest more, but no larger discount is given to any one.

Purely as an investment I know of nothing better. I have managed and helped to manage this business since a boy and I know what it is worth and what it will do. There is not a detail that I am not personally acquainted with and able to perform. I am therefore sure when I say, "It will pay you." It will pay more returns than you have any idea of, particularly the next five years, during San Francisco's rebuilding. You get your share without work or effort. It's a chance to go into business with your small capital, joining ours, to earn the same proportion.

It is a rare chance.

If you believe, after twenty-six years of conservative and a successful business, we are capable of handling your account earning added money for you by savings, then write to me today for special payment terms, stating the amount you could invest. You can buy on the bde-rock basis now. The shares of this company are $10,00 I look for them to pay ten per cent dividend in 1907. They will sell for a premium one year hence. Our credit and business volume was never greater. Our earnings are three times what they were.

Our April loss will be made up and more so in one year. It speaks for itself—and the Cash Mail Order System—that our total fire loss, crushing as it was, did not annihilate us, that we had a building in progress on the rear L of our lot before the fire stopped burning, that we also own a commodious building adjoining, with greater facilities than before—and that we duplicated over $2000 of goods at once for our patrons, so that none should suffer.

It will take money to rebuild and stock our permanent Market street location. We know added trade is in sight as soon as we do so, thus this "Special Offer" to bring in new funds quickly. At present we devote ourselves mostly to builders' hardware and staple groceries in every day demand. We may carry clothing, dry goods and similar lines on the ground floor on Market street—the rear adjoins present buildings.

Our sales today are $1000 to $1,600 daily. Expenses today are $3,000 a month less than to sell the same amount formerly. Join while we are building up and reap the benefit, while it only costs $10.00.

Drop me a line and I will promptly answer your enquiries.

High School Activities

For the encouragement of the pupils of the high school who are endeavoring to master the art of writing good English, an occasional production will be printed in the local papers. The subject of Sequoia school Activities is dealt with in this issue by MissMargaret Doxsee of the Sneior class.

Perhaps no school of its size has a more varied line of activities than Sequoia. There is an outlet for all energy, either in athletics, literary work or music.

This year the girls are represented in athletics by a basket-ball team, and the boys by a football team. The girls have played no match games yet this year; but thye have two teams of their own, andsoobtain plenty of practice.

Whne the Palo Alto football boys entered our school it was thought that quite a strong teamcouldbe organized. The boys have not takne theinter3est in it which theyshould, and have been negligent about practicing. Two games have been played this season—one with Manzanita, resulting in a tie, 0-0, while our boys were defeatde by Reed's School by a score to 7-0. Probably no more games will be playd this year.

Last year the high school, under the direction of the principal, organized the Lyceum Literary Society. The meetings are held evrey othe Friday afternoon, taking the place of two periods of school work. The school is divide into two sections, each of which comes on duty once a month. These sections are in turn divide. One half gives talks while the other half declaims. A debate is held at each teers from either side on duty and may be ten or less in number.

Mr. Geo. C. Ross, a member of the Board of Trustees, recently offered two gold and two silver medals to the best and second best debaters and declaimers of the high school. The declamatory contest will take place in March and the debate in April. Tryouts for the finalcontests will be held as soon as possible. We appreciate the interest Mr. Ross has taken in the High School and think that his gneerous offershould inspire us to do ourverybest.

Sequoia is nto lacking in an interest in music. Mr. Jeffers has been the teacher of music for sevreal years. On Wednesday aftrenoons forty-five minutaes is given to school singing. Now the whole period is taken up with practice on "Queen Esther," a cantata, which the school will prseent to the public on February 22, 1907. After school Mr. Jeffers meets the gleeclubs. The boys have one and the girl'sanother. Each has a membreship of about adozne. The membership dues amount to tencnets a month, and this money is used to buy music, andtopay othre expenses which the Glee Club may incur.

Sequoia is best known to outsiders through her debating. For the past six or eight years she has usually neighboring schools. She is ustly proud of hre trophies won in the differnet debates uring that time. She ferent debates during that time. She is especially proud of the one brought home from SanJose a few years ago. We trust that the coming year will bring us other honors to reminds us that we are still able to do things Lte us not only equal the successe them. And in no way let us lower the standard oftheschool which ha been set by formre classes.
